**ATLAS (ATLAS Series Book 1)** Isaac Hooke

The future of warfare has a name: ATLAS.

Three times the height of an ordinary man and ten times wider, the ATLAS mech represents the peak of combat engineering. Rade Galaal will become a one-man army...if he can survive the training.

The MOTHS: elite warriors, products of the most arduous military training known to man. Only the MOTHS can master the devastating, atomic-powered battle suits dubbed ATLAS, massive weapons-laden mechs that constitute an unstoppable ground force when piloted by the consummate soldiers of the MOTH teams. Can Rade make the grade, ascending from raw recruit to ATLAS war machine?

Careful what you wish for: when Special Warfare Command sets a mission beyond the limits of explored space, all of the conditioning, sacrifice, and hard-won skill—and the awesome might of the ATLAS technology—may not be enough to confront the unforeseen horrors found there. Rade's dream of military glory might just turn out to be the ultimate nightmare.

**Revised edition: This edition of *ATLAS* includes editorial revisions.**
