Updated to reflect the current SAT Subject Test format for Spanish, this manual presents 10 full-length practice tests with explanations for all answers. The tests' Listening Comprehension sections, along with additional listening comprehension exercises, are contained on the audio compact disc enclosed with every copy of the manual. In addition to practice tests, the book offers a brush-up review of Spanish grammar and vocabulary, with additional exercises in areas students find more challenging, such as the use of prepositions as well as the indicative versus subjunctive moods. Appendices include synonyms, antonyms, and idiomatic expressions. The author also suggests different methods in preparing for each test section.
