Sarah had a bounty on her head and I had come to deliver. Little did I know she will be freaking hot with blossoming curves. Now I have decided to make her mine and use her tiny body in ways she is not used to. I am happy to finally put the handcuffs and the ball gag into use and she seems to enjoy them. The spanking is a nice addition to my ownership over her.

What happens when it's revealed that her father send me to kill her? And when two other killers come for her, will I be able to protect her?
