Verbal Poker Tells Zachary Elwood

Verbal Poker Tells is the follow-up to Zachary Elwood's acclaimed book Reading Poker Tells. When poker players talk, they sometimes reveal information about their hands. Verbal Poker Tells describes the most common and reliable verbal patterns poker players have. More importantly, it gives you a framework for thinking about and analyzing verbal behavior at the poker table.

The author analyzes many real poker hands: some from televised poker shows such as the World Series of Poker, Poker After Dark, and High Stakes Poker, some players by the author, and some submitted by other players.

The author's blog and ebooks are at ReadingPokerTells.com.
