Ask any man the first thing he would buy if he won the lottery and we guarantee you the answer would be - a supercar. It's what every real man and every alpha woman aspires to - a blisteringly fast V8 engine, achingly high-tech design and style that snaps the necks of passers by as they watch it sloping down the high street putting the saloons and hatchbacks of mere mortals to shame. One thing's for sure, when it comes to cars, there's nothing that gets the heart pulsing like a supercar, and the motoring geeks at Top Gear live out the fantasy, putting the most exotic, the most elusive and the most expensive cars to the test in the pages of this book. Between obscenely sexy photographs of the most exquisite machines the motoring world has to offer, you'll find first-hand accounts of the driving experience, expert analysis of engineering expertise, speed and handling, all the stats to satisfy the most dedicated of car enthusiasts, plus special reports from Jeremy Clarkson, Richard Hammond and James May. And who better to test the prowess of these mastercrafted feats of modern engineering than Stig himself, who'll do battle with the big-gun showstopping cars from the last three years to find out just who can claim the glory of fastest supercar. Step into the driver's seat and brace yourself for some serious car porn as we bring you the most tantalisingly beautiful supercars you'll find in the world today. There's only one word for it - Poweeerrrr!
