The Bear King's Secret Baby: A Paranormal Pregnancy Romance (Shifting Desires Book 2) Lucy Savage

Becoming a single mother was not part of the plan, but April will stop at nothing to protect her baby. She will even keep its existence secret from everyone, including the baby's own father!

Sleeping with a man she barely knows is not like April at all, but that's exactly what happened. They met at her best friend's wedding. She was the maid of honor. He was the best man. Sparks flew like crazy. The night was so perfect, and she just knew it was going to be the start of something special.

How could she be so wrong about something that felt so right?

The next day he doesn't call. When they run into one another in town, he is distant and rude. April must face reality. She was dead wrong about Rory Bern, and stupid for ever believing they'd shared anything more meaningful than a one night stand.

Then April finds out she is pregnant, and her world gets turned upside down.

When Rory's bear takes a shine to April Lawson, he is sure it is a mistake. Shifters and humans don't mix, and as king of the bear clan, he has no time to follow his heart.

Not wanting to lead her on, he decides the kindest course of action is to let her know clearly, with no confusion, that nothing can happen between them again.

But why can't he get her out of his mind?

By the time he admits that he needs April in his life, it may be too late. Seth, the alpha of the neighboring wolf pack, has taken her captive as part of an evil plot to destroy the bears. How far will Rory go to protect his mate and his unborn child?

This standalone story includes a happily ever after and no cliffhangers!
