“Maybe it’s time you got a little dirty, Kate”

Kate is such a little princess. She's never settled in since moving to America from the UK, and certainly never really clicked with the new **man of the house**, billionaire oil tycoon Dan Emerson. The **inexperienced brat** has always been aloof and planned to run away back to England as soon as she was old enough. Now that day is finally here, but she's been told she has to spend the weekend with Dan to try and bond.

Well...

After a humiliating motorcycle-induced climax right in front of him, things get **intense** for Kate as he **barebacks** her **hard** in his workshop. There is *nothing* gentle about Dan Emerson, it certainly doesn't matter to him that he's almost **too big** and it's her **first time**, he **will not pull out** until he's good and finished!

If this little princess wants to be queen, she's going to have to take everything the king can give her.
