Your Erroneous Zones (Chinese Edition)

Wayne W.Dyer

Your Erroneous Zones (Chinese Edition) Wayne W.Dyer

This is the worlds first brand book for psychological self-help with a sales volume of 6 million books! What is the positive energy? The scientific explanation for that is: when setting the vacuum energy as zero, those energies which are greater than vacuum energy are positive, and those lower ones are negative. In Your Erroneous Zones, positive energy means all methods and concepts which can help us get away from psychological dependence and procrastination and enhance our willpowers and self-controls. A classic of Wayne Dyer, it is a world-class mental inspirational book, the first book ever to be able to actually apply the positive energies into practices following the book of Rip It Up. The contents of the book are easy to understand. With a number of examples, it guides us to inspire our own potential to detonate our intrinsic positive energy and apply it into our everyday lives.
