Cacti and Succulents: An Illustrated Guide to the Plants and their Cultivation Graham Charles

An essential guide to cacti and other succulents, featuring 420 color photos and a wealth of information on the plants and their cultivation. Beautifully illustrated and highly accessible, this guide is both an instructive practical manual and a rich source of reference. More than 250 different species or genera and their natural habitats are profiled and illustrated. Topics include: the unique nature of succulents; their natural environment; history, classification, and nomenclature; watering, feeding, general care, and propagation; and pests and diseases. Lavishly illustrated, this is an indispensable guide for growers and enthusiasts.

Graham Charles is a National Cactus and Succulent Society judge and lecturer.
