**Does being in a relationship make you a hot commodity in the eyes of would-be suitors?**

Chloe Lane is about to find out. When her childhood pal, Ethan Webster, asks her to play the part of his girlfriend in order to test this theory, she reluctantly agrees. As a work-crazed fashion designer, boutique owner and soon-to-be reality show judge, Chloe has no time for a real boyfriend, but being part of a faux pair will do just fine. Not that she has any intention of trying to attract someone else.

However...

Opportunity unexpectedly knocks when Chloe meets fellow reality judge, William Shannon. Super successful and super sexy, this high-powered entrepreneur inspires Chloe to test Ethan's theory herself. Now, on top of keeping her fashion business productive, carving out a new role as a television personality, maintaining a fake relationship and attempting to lay the groundwork for a future relationship, she's lying to William, lying to her friends, lying to her family and quite possibly lying to herself. Will Chloe be able to keep it all together, or are things about to explode?
