Stumbling across startling discoveries about his new girlfriend leave Dave McLaren no time to be angry or bewildered. More important is getting her exonerated as a murder suspect and then convincing the police that she was actually the intended target. Unsure how to act as both attorney and alibi witness, he calls upon Kristen Lanier, once the love of his life. Convincing her to help will be a problem because she hasn't spoken a word to him since she dumped him months ago.

Kristen has been frustrated that McLaren won't accept the end of the relationship. She wants him entirely out of her life but he can't seem to figure that out. Helping him with his little problem will give her the chance to make her feelings clear. But the problem doesn't seem so little when the FBI takes over the investigation in hunt of a serial killer. Her lingering anger blinds her to risk as she agrees to a dubious plan. McLaren raises Kristen's ire with his efforts to beguile the female agent in charge. Then he confounds Kristen's efforts to punish him – right up to the moment he reveals the secret that turns her life upside down.

Just when Dave believes he has collected enough information for the feds to crack the case, he finds himself face-to-face with the killer. Certain he has become the next victim, he makes a final effort to save Kristen with little more than hope that he can succeed. Kristen must then decide how to live with the consequences.
