Investigating Firefly and Serenity: Science Fiction on the Frontier (Investigating Cult TV)

Investigating Firefly and Serenity: Science Fiction on the Frontier (Investigating Cult TV)

Joss Whedon's *Firefly* is one of the most popular TV shows ever. *Serenity* was the wildly successful follow-up to the series. Here is a definitive guide to the series and the movie, offering an in-depth and comprehensive look at the TV phenomenon kept alive by the fans.

The brain child of Joss Whedon--of *Buffy the Vampire Slayer* and *Angel* fame--*Firefly* ran for twelve hour-long episodes before being cancelled by the network. But this premature burial had a remarkable outcome: resurrection. The fans--self-named Browncoats--kept multiplying, the DVDs kept selling and the show forged a new life on the internet, sustained by blogs, fan-fics and podcasts. Films, meetings and conferences ensured their numbers increased, as did the release of the major *Firefly* motion picture *Serenity*.

From detailed chapters on scenes and themes, through to explorations of the characters, actors, music, and, of course, the fans, *Investigating Firefly and Serenity* tells readers everything they need to know about the show and more. With contributions from over twenty of the best international Whedon scholars, TV & film critics, and writers, it will become the must-have book for followers of the series/film, for fans of Joss Whedon and his work, and anyone with an interest in the modern phenomenon of cult TV and the remarkable power of the internet.
