The Master Plan Jerry Pettit, Dave MacLachlan

The Order of the Tainted Mollusk is a centuries old super-secret organization, whose primary mission is to defend the Earth from hostile alien incursions. Or, to be more precise, defend it from hostile alien incursions, so the Order can one day rule it themselves. When an ancient threat returns to Earth with plans for global conquest, it's up to Mollusk Agent Dave Carter to stop the invaders before they can succeed in implementing their Master Plan for world domination. "The Master Plan" is the first in a series of books spotlighting the adventures of the Order of the Tainted Mollusk. A work of Science-Fiction, it is also loaded with sarcastic humor, so read at your own peril... you have been warned.
