Are You Ready to Overcome Heartburn FAST?

Nexium, Zantac, Roloids, Tums...have you tried all the drugs only to be on higher and higher doses and still experiencing heartburn? Have you heard the common nutrition advice—eat less fat, stop overeating, eliminate triggers (like delicious chocolate and wine)—and heeded it, only to be let down by your results? Maybe your symptoms, in fact, are getting worse. And this is exactly the problem with conventional treatments. They can free you of acid refluxing into your esophagus, but they often do so at the expense of your long-term health. They fix one problem but in the process cause a multitude of other ones for which more drugs are often prescribed.

Heartburn-Free Without the Drugs

You may be ready to ditch the drugs and conventional solutions and find a natural solution for your persistent heartburn...but what's the answer? How about a 30-day plan that will eliminate heartburn and do a lot to reduce other complaints, like bloating, inflammation, fatigue, weight gain, nausea, constipation, gallbladder problems, and irritable bowel syndrome (IBS), to name a few? And unlike acid-blocking drugs, this plan is designed to make you healthy, not just take away your symptoms.
