Nothing special has ever happened to Diana Westby. She has a comfortable relationship, a decent job, and vague dreams for the future. But now something has happened to her, something beyond understanding. She is suddenly able to hear thoughts and see glimpses of the future... a future that includes the threat of a mushroom cloud rising over downtown Manhattan! As someone who has never had to stick her neck out for someone else, Diana must choose between her own safety and the lives of millions of others. Her decision will take her from the abyss of her worst fears to the summit of her courage... a journey that could only happen in The Twilight Zone. Includes a complete script for the first chapter of the graphic novel by J. Michael Straczynski, Hugo Award-winning creator of Babylon 5.
