Two books in one!

- A to Z FLASHCARDS - Flashcards of letters A to Z with a separate section for upper case letters (aka capital letters) and a separate section for lower case letters.
- LETTER MATCHING GAME - This fun, simple game lets children match the lower case letter with the upper case letter and a second game to let children match the upper case letter with the lower case letter. Its a great way to check their knowledge of the letters and easy enough for your child to play on his or her own!

To keep your little one on his or her toes, each book has links on the bottom of page to allow you to skip around. Just click on a hyperlink and move to another letter in the section. Plus, the images use a serif font which means they are in the same easy to read font style used by most books, magazines and newspapers!

If you have a little one who is just learning his or her letters, this book will give your child a fun way to practice the alphabet. It was created for our three year old, who just loves that she can learn her letters on my Kindle "like a big kid".
