Don't go into the woods. Because you're in for a big surprise...

In an old album there is a beautiful Victorian photo that captures three young sisters, staring silently at one another. Only the trained eye can see the truth hiding in plain view. One of the sisters is already dead.

Annie Ashworth is currently off duty. With her baby bump growing fast, she is under strict instructions to stay away from police work and look after herself, especially as she has a history of leading danger right to her door. So when her police officer husband, Will, is called to the discovery of a skeleton buried out in the local woods, Annie tries to keep out of the investigation. But as another body is discovered and her own niece suddenly goes missing, staying away just isn't an option.

As Annie is soon to discover, a picture really does tell a thousand stories. But which one leads to a killer?

The gripping new detective thriller that will haunt you
