Where You Are

J.H. Trumble

Where You Are J.H. Trumble

Robert Westfall's life is falling apart--everywhere but in math class. That's the one place where problems always have a solution. But in the world beyond high school, his father is terminally ill, his mother is squabbling with his interfering aunts, his boyfriend is unsupportive, and the career path that's been planned for him feels less appealing by the day.

Robert's math teacher, Andrew McNelis, watches his best student floundering, concerned but wary of crossing the line between professional and personal. Gradually, Andrew becomes Robert's friend, then his confidante. As the year progresses, their relationship-in school and out of it-deepens and changes. And as hard as he tries to resist, Andrew knows that he and Robert are edging into territory that holds incalculable risks for both of them.

J.H. Trumble, author of the acclaimed *Don't Let Me Go*, explores a controversial subject with extraordinary sensitivity and grace, creating a deeply human and honest story of love, longing, and unexpected connection.

From reader reviews:

Deborah Ellefson:

Reading a e-book tends to be new life style on this era globalization. With examining you can get a lot of information that could give you benefit in your life. With book everyone in this world can easily share their idea. Ebooks can also inspire a lot of people. Lots of author can inspire their particular reader with their story or maybe their experience. Not only the storyplot that share in the ebooks. But also they write about the information about something that you need example. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book which exist now. The authors in this world always try to improve their ability in writing, they also doing some investigation before they write on their book. One of them is this Where You Are.

Jose Said:

Where You Are can be one of your beginning books that are good idea. We recommend that straight away because this reserve has good vocabulary that may increase your knowledge in words, easy to understand, bit entertaining but nonetheless delivering the information. The copy writer giving his/her effort to place every word into pleasure arrangement in writing Where You Are although doesn't forget the main place, giving the reader the hottest and based confirm resource info that maybe you can be considered one of it. This great information may drawn you into new stage of crucial considering.

Tara Winston:

Your reading 6th sense will not betray you, why because this Where You Are e-book written by well-known writer who knows well how to make book that can be understand by anyone who have read the book. Written with good manner for you, still dripping wet every ideas and producing skill only for eliminate your personal hunger then you still uncertainty Where You Are as good book not only by the cover but also by the content. This is one guide that can break don't evaluate book by its include, so do you still needing a different sixth sense to pick this specific!? Oh come on your looking at sixth sense already told you so why you have to listening to an additional sixth sense.

Susan Arnold:

As we know that book is essential thing to add our knowledge for everything. By a publication we can know everything you want. A book is a list of written, printed, illustrated or maybe blank sheet. Every year seemed to be exactly added. This guide Where You Are was filled concerning science. Spend your extra time to add your knowledge about your science competence. Some people has several feel when they reading a book. If you know how big good thing about a book, you can really feel enjoy to read a guide. In the modern era like today, many ways to get book that you just wanted.
