Lung Function Tests Made Easy, 1e Robert J. Shiner MRCS FRCP FRCPC, Joerg Steier MD(D) PhD (UK)

Lung function testing has evolved over the years from a tool purely used for research and is now a commonly utilised form of clinical investigation. This new book is clear, concise and easy to read, providing both the essential scientific information as well as focusing on the practical aspects of lung function testing. The book is designed so that different chapters can be read as stand-alone sections, but cross-referencing to the other chapters completes the picture for the interested reader.

- The book begins with an outline of lung structure and anatomy, and then proceeds to basic functional considerations before discussing the tests themselves.
- Particular attention is given to spirometry and lung volume measurements.
- The text covers the functional assessment of exercise capacity, respiratory muscle strength and concludes with preoperative evaluation and recommendations.
- The text emphasises practical problems, including controversies associated with lung function testing.
- Boxes emphasise important topics throughout the text.
- Highlighted questions can be used for short tutorials or problem-based learning

From reader reviews:

Fred Swett:

What do you think of book? It is just for students because they are still students or this for all people in the world, exactly what the best subject for that? Simply you can be answered for that concern above. Every person has distinct personality and hobby for every other. Don't to be forced someone or something that they don't need do that. You must know how great and also important the book Lung Function Tests Made Easy, 1e. All type of book is it possible to see on many options. You can look for the internet solutions or other social media.

Ismael Soliz:

As we know that book is important thing to add our understanding for everything. By a publication we can know everything we would like. A book is a range of written, printed, illustrated as well as blank sheet. Every year was exactly added. This reserve Lung Function Tests Made Easy, 1e was filled regarding science. Spend your free time to add your knowledge about your research competence. Some people has diverse feel when they reading any book. If you know how big advantage of a book, you can sense enjoy to read a reserve. In the modern era like today, many ways to get book which you wanted.

Evan Reyes:

Do you like reading a e-book? Confuse to looking for your preferred book? Or your book has been rare? Why so many query for the book? But almost any people feel that they enjoy with regard to reading. Some people likes reading, not only science book and also novel and Lung Function Tests Made Easy, 1e as well as others sources were given know-how for you. After you know how the fantastic a book, you feel want to read more and more. Science guide was created for teacher as well as students especially. Those ebooks are helping them to put their knowledge. In some other case, beside science book, any other book likes Lung Function Tests Made Easy, 1e to make your spare time much more colorful. Many types of book like this.

Daniel Watkins:

As a university student exactly feel bored to help reading. If their teacher inquired them to go to the library in order to make summary for some guide, they are complained. Just very little students that has reading's heart or real their interest. They just do what the instructor want, like asked to go to the library. They go to right now there but nothing reading seriously. Any students feel that examining is not important, boring and can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this Lung Function Tests Made Easy, 1e can make you really feel more interested to read.
