Sustainable Leadership (Jossey-Bass Leadership Library in Education) Andy Hargreaves, Dean Fink
In *Sustainable Leadership*, Andy Hargreaves and Dean Fink address one of the most important and often neglected aspects of leadership: sustainability. The authors set out a compelling and original framework of seven principles for sustainable leadership characterized by **Depth** of learning and real achievement rather than superficially tested performance; **Length** of impact over the long haul, beyond individual leaders, through effectively managed succession; **Breadth** of influence, where leadership becomes a distributed responsibility; **Justice** in ensuring that leadership actions do no harm to and actively benefit students in other schools; **Diversity** that replaces standardization and alignment with diversity and cohesion; **Resourcefulness** that conserves and renews leaders' energy and doesn't burn them out; and **Conservation** that builds on the best of the past to create an even better future.

This book is a volume in the Jossey-Bass Leadership Library in Education—a series designed to meet the demand for new ideas and insights about leadership in schools.
