Jean Haines Colour & Light in Watercolour: New Edition Jean Haines

Jean Haines' characteristically loose and expressive paintings are filled with color and light, and in this exciting book she passes on her knowledge and expert advice in a way that is both inspiring and instructional. As soon as you open the book you will want to pick up a brush and start painting — and whatever your ability, Jean encourages you to simply 'have a go' and enjoy the freedom and happiness that painting can bring.

Jean's subjects include animals, landscapes, people and flowers, and there are many examples of Jean's work throughout the book to both delight and inspire you. Jean takes a highly practical approach to her teaching, and there are numerous short exercises and demonstrations as well as longer projects that guide you through a painting from beginning to end. Wherever you are on your painting journey, Jean will open your eyes to the color and light that surrounds you and show you how to incorporate it into your paintings.
