Gina Emerson is not your typical personal assistant. She has skills that make her unpredictable and dangerous. She believes that what she does is right and just. It comes from a dark childhood and a feeling of abandonment. She knows the difference between right and wrong, but sometimes those lines blur into something else entirely. Her skills with a computer are by far better than most. She uses that to fight a battle that doesn't seem to have any end.

Branson is a billionaire that has several enemies for which he has to stay vigilant and able to fight back with fire for fire. He knows that his vast wealth will turn friends into enemies overnight. There is a girl in his life, but she isn't exactly what he's looking for. In business, he can be quite ruthless, but in his personal life he is a docile puppy dog.

Gina and Branson meet for the first time, as she has become his personal assistant. They both have secrets that they keep from each other, along with feelings that come about quite by accident.

They have their own agenda, but what will happen when they realize that they are fighting feelings for each other?

Will Gina finally be able to pull Branson from out of his shell or is he destined to live with a woman that takes advantage of his good nature?
