A welcome addition to the content area reading market, this much-needed text helps teachers find ways to show elementary school children the classroom value of what they learn outside of school. Using a social constructionist framework, this prestigious author team includes strategies that the *National Reading Panel* deemed useful in promoting comprehension, becoming the first and only text that calls attention to *evidence-based research* and its implications for instruction. Innovative in its 3 R's framework—Remembering—Reflecting—Reconsidering—it will help readers make connections and improve comprehension.
