Enlightenment Through Orbs Diana Cooper, Kathy Crosswell

Intended as an introduction and initiation to a worldwide fascination, this experiential tool draws its conclusions from the careful scrutiny of thousands of digital photographs containing orbs—visible proof of the presence of angels in the form of ghostly spheres. The book answers technical questions and offers practical guidance, such as who the orbs are, what purpose they serve, and how they can help. The dozens of full-color photos included within allow the orbs to enlighten and transform lives with their specific energies as well as provide tools for confidence, love, empowerment, hope, and spiritual expansion. Seekers will find the orbs especially enlightening, whether they are looking to make simple connections to angels and other spirit guides or ultimately to accelerate their own spiritual ascension.
