Listen with the Heart: Relationships and Hearing Loss Michael Harvey

While distressing for an individual, hearing loss also takes a heavy toll on family and friends. These stories chronicle the unique challenges of hearing loss in interpersonal relationships, including communication, self-identity, and how to continue sharing and growing in these relationships. Many shared activities, such as enjoying music, whispering sweet nothings to a lover, and hearing children's voices are deeply missed by both the hearing and hearing-impaired relationship partners. This book illustrates the power of relationships to transform people and how each party has unparalleled opportunities to grow in profound and unpredictable ways.
