Love's Anatomy Ian Hunter

Helena and John fall madly and desperately in love. It is that worst of all worlds: love at a distance. Things move on. Changes are made. Meetings come and go. The oscillating feelings both clarify and confuse. Geographical moves convey commitment that forge new dynamics. They generate the elation and agony of blind love. It is a heady concoction. There is a final stage as the relationship climbs into a tempestuous phase of passion and other things. The anatomy of love is the sheer range of emotion and desire possible between two people. About the Author: Ian Hunter is a consultant. He started life in Germany, moved to UK, worked in Great Britain, then Southeast Asia and New York before touching on East Africa. This book is the culmination of his journey of exploration, a crescendo towards greater self-understanding. The journey lasted 14 years: the results of which are his books, e-Love, e-Dreams, e-World, Three Interludes and The Early Years. Love's Anatomy marks the end of his semi-autobiographical fictional writing. "The purpose has been served. It is a fitting end!" Publisher's Website: <http://sbpra.com/IanHunter>
