Not everyone is cut out to be an entrepreneur. Many of us are happy to have a job, we just want a better job, one that fulfills us, makes us wealthy, and brings us satisfaction. Still, income is now permanently going down versus inflation for the average employee. Industry, knowledge, and management are all being outsourced cheaply to other countries or to technology. Many people mistakenly think that the solution is entrepreneurship. That "entrepreneurship is the pathway to riches". This is not true. Being an entrepreneur does have great upside but also it has a well-known rate of failure of 85%. There is no way to predict your way out of that 85%. The solution is to become a Rich Employee with the mindset and techniques described in this book. This is the first book ever to detail how one can become a rich employee in our times. And there is more: companies in this new century will only succeed if they encourage their employees to develop The Rich Employee mindset. Written by the author of "The Choose Yourself Guide to Wealth" which USA Today has called "One of the 12 Best Business Books of All Time" and also the author of WSJ and USA Today bestseller "Choose Yourself" which Forbes recently called one of the "Top Five Books Every Entrepreneur Must Read", this book gives you the tools to find satisfaction, meaning, and true wealth as a rich employee
